First Training session

Siaia 10 th and 11th Mai 2008

2nd virtual case study

The European Works Council : an actor of transnational company's policies ?

Questionnaire for the participants

Each participant in the workshop is to answer to the following questions after having read factual situation previously presented.

One has to assume that in this situation an EWC already exists within the company and that participants are members of the Bulgarian delegation within this European Works Council.

First question:

Considering the facts you've been informed about, will you, as a member of the company's European Works Council, try to launch an initiative ?

If yes, why ?

If no, why ?

Second question :

If you plan to undertake an initiative, please describe how do you intend to proceed towards :

- the other members of the European Works Council (other national delegations represented within the European Works Council) ?
- the central management of your company ?

Third question :

How do you plan to set up a link between your action at your European Works Council level and at Bulgarian national level ? How will you inform and /or involve Bulgarian employees who are directly affected by the situation you have to cope with ?

Fourth question :

Will you suggest to the European Works Council to appeal to an external expert? If yes, what for ?
